

Chippenham Little Pips Nursery

Newsletter

A very Happy New Year to you all! The children have been excitedly telling us about the wonderful time they have spent with you over Christmas and all the fun they have had.

Our amazing team of ladies have been busily planning for the next few months and have already organised some fantastic activities and adventures for our Little Pips.

We would like to say a special welcome to our new little pips who are joining us in January and February. It is wonderful to have you with us!

We hope you find this newsletter useful. Please do let us know if you have any questions at all.

Please continue to see the website for up to date news and information.

What a wonderful Show!

It was an absolute pleasure to share the preschool nativity with so many of you! Our wonderful little pips sang with gusto and coped very well with, what was for many, their first experience of performing to a large audience. Thank you as always for your support and we hoped you enjoyed it as much as we did. A special thanks to our amazing preschool team who worked so hard to bring it all together and of course to Spencer and his team at the church who so kindly shared their space with us.

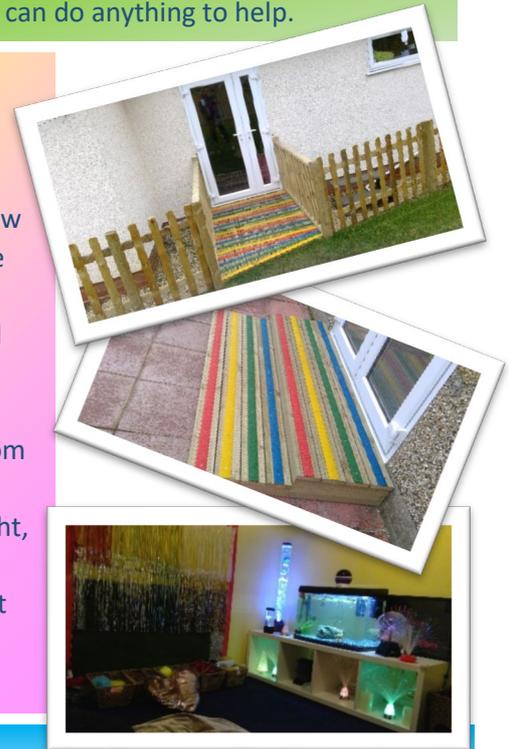

Big School Choices

If your child is four before August 31st 2019, you need to make sure you apply for their primary school place for September 2019 by **midnight on the 15th of January 2019**. Lots of schools are offering open days and visits (see their websites or call them for more details). Please let us know if we can do anything to help.

A bridge, two steps and a host of sensory experiences!

We are thrilled to announce that our beautiful bridge from the toddler room to the garden is now complete and our toddlers have been making the most of the new link! Our babies also have easy access to the garden with their rainbow coloured steps which have been specifically designed to enable them to start using them with support. Jenni has been busily working on our sensory room over Christmas and we now have a wonderful space which encourages gentle exploration of light, movement and sound. The room is a warm and calm space where children can feel relaxed whilst watching our beautiful tropical fish.

1140 hours funding:

If your child turns three years old before December 31st 2018, you may be eligible for 1140 hours of funded hours from January 2019. Please see the website below for further details.
